

VILMA GRADINSKAITE (Vilnius)

PhD, lecturer, Vilnius University; scholarly fellow, Lithuanian Institute of Culture, Philosophy and Art; curator, State Jewish Museum in Vilnius; art critic; photographer

My participation in Youth conferences on Jewish Studies (since 2003) provided confidence and my first serious teaching experience. My first academic articles were published as part of Sefer's academic publications and my participation in Sefer's programs broadened my understanding of Jewish life and study.

The broad geography of schools provided a personal acquaintance with Jewish heritage of different regions and to expand my knowledge for further research.
